Staff Comments

Mr. Hood stated that in the most recent road projects, the Town has been able to add extra projects to the bidding process. He added that one goal was cart path connectivity. Staff was approached by the developers of the new Stonecrest development on the corner of Farr Road and Dogwood Trail to extend their sidewalks onto the right of way of Farr Road. Mr. Hood stated that in order to have full connectivity on Farr Road, the cost estimate would be approximately \$60,000. The developer has agreed to cost share \$15,000, roughly 25%, of the added costs. Atlanta Paving and Concrete has agreed to add this project, which will include signage and paint markings. The long term effects will eventually give residents of Farr Road access to the downtown area with the addition of the cart paths on Tyrone and Handley Roads.

Council Member Housley made a motion to approve the field change order for the Winfair Drive project to include the sidewalk connectivity on Farr Road.

Council Member Howard seconded. The motion was approved 3-0.
